

Sponsorship Program

For more than 20 years, the Port of Portland has been an active partner supporting the community. This support has come in many forms, especially in the distribution of resources through the sponsorship of events, programs and activities. We are an integral part of the communities where we operate and we are committed to playing an active role in supporting and enhancing the businesses and communities in our region. The Sponsorship Program is one way we work to achieve that goal. Supporting Shared Prosperity through our sponsorship program is another. We are interested in how organizations do their work. For example while the outcome of the work may be environmental restoration, we are looking to partner with organizations that conduct restoration efforts with an equity focus. Sponsorship can include financial support or the in-kind contribution of goods or services like parking or meeting space.

Port Mission

To enhance the region's economy and quality of life by providing efficient cargo and air passenger access to national and global markets, and by promoting industrial development.

Shared Prosperity Goals – the Port will prioritize funding organizations and activities that support social equity. Specifically the following:

- Maximize benefits to Black, Indigenous, People of Color, low-income communities and people living with disabilities
- Identify new opportunities for engagement with our community
- Create a financially sustainable path for the Port

Submission Procedure:

1. Requestors must provide a Sponsorship Request form – forms are available in hard copy and can be downloaded from our website. Support is available to help applicants complete the form.
2. Please respond to all questions.
3. Late applications will not be considered.

Eligibility Criteria:

- Organizations should provide support to businesses and residents in Clackamas, Washington and/or Multnomah County.
- Organizations and activities must support the Ports Mission and/or Shared Prosperity Goals.
- Special consideration will be given to organizations and activities led by BIPOC, immigrant and refugees communities.

Considerations:

- Promotes sustainability and/or provides environmental benefit
- Reflects Port values
- Provides two-way engagement and learning between the Port and the community
- Reflects the Port's commitment to enhancing the community (e.g. education programs, projects/programs for neighborhoods adjacent to Port operations)
- Offers the opportunity for the Port to contribute knowledge and experience to community activities

Please attach any additional sponsorship materials and email the completed form to sponsorship@portofportland.com
