GENERAL INFORMATION

Container/Chassis receipt and delivery at Terminal 6 is paperless and fully automated

All trucking companies will receive a “Gate Notification” via email or fax detailing their daily transactions

All trucking companies must be authorized to haul steamship line equipment and have a valid Trucker code (UIIA, SCAC)

Pickup of Full (IMPORT) containers can only happen after containers have been freight and customs released

For all HAZARDOUS documentation please report to trouble window

For all container damage please report to trouble window

EMPTY containers must be clean and free of debris BEFORE arrival at Terminal 6

Old hazardous placards must be removed prior to arrival at Terminal 6

Terminal 6 management has the right to inspect and refuse any equipment that is unsafe, damaged, or unclean

Truck Drivers must obey all posted speed and safety signs

Gate management has the right to deny access to truck drivers that do not follow verbal or posted instructions
