

Oregon Wheat from Farm to Tables Worldwide

 portside.portofportland.online/2017/04/oregon-wheat-from-farm-to-tables-worldwide/

April 25, 2017

This is the story of Oregon wheat, typically soft white wheat grown in the vast expanses of Eastern Oregon, and in lush Willamette River Valleys. Wheat from these diverse regions has a common trait. It helps feed a hungry world. Which means it must travel from farm to river to terminals at the Port of Portland...and on to the world.
